**£133.57****SOLID 904L STAINLESS STEEL**

Our Swiss Rolex Watches are made of 904L steel, which is more expensive and complicated to produce because it is very difficult, but it is worth it since it is more rust and corrosion resistant than other steels, and holds the polishing much better than 316L steel.

**SCRATCH-PROOF SAPHIR CRYSTAL**

The advantage of sapphire crystal used in our Rolex Replica designer watches over regular glass is that the sapphire crystal is much harder, and thus very difficult to scratch. Cheap clones use mineral glass, which is 10 times more fragile than sapphire. Sapphire crystal measures 9 on the Mohs mineral hardness scale, followed by diamonds of 10.

**IP65 STANDARD**

Our high quality Rolex models have an "O" rings in silicone with a double core, made of solid tubular rubber that creates an airtight seal, and provides decent IP65 water resistance (rain / waterproof).

**BEST SELLING WATCHES**

Hi Bui!

Yes, I tried to make a purchase using Paypal but when I go to checkout it says "try another payment method". How can I pay? Are you able to send me a link?

I would like to purchase the Love Ring in gold size 6.

Thank you for your help and I look forward to your response.

\*Why are our watches so cheap?

Because we are the foundry of Swiss high-end watch brands. Due to COVID-19, our factory's business is not as good as before, resulting in a large backlog of inventory. We had to sell at the lowest price to cover the loss.

## ABOUT US

Our core philosophy centers around the fusion of superior craftsmanship and cutting-edge fashion design, designed for everyday wear. Crafted for effortless layering, our demi-fine and fine jewelry collections serve as the ultimate canvas for self-expression.

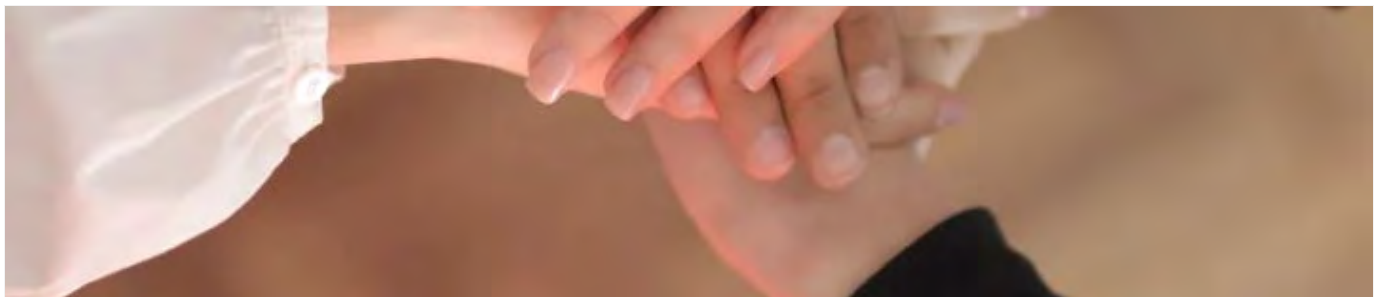

At our core, we are a community-driven brand, unwavering in our dedication to becoming the most socially and environmentally responsible version of ourselves. Are you ready to discover our iconic pieces that have achieved cult status?

## OUR MISSION

A like-minded community of people who love to champion self-expression, we aim to create contagious confidence for everyone, every day.

With innovation and creativity at the heart of every stage, all design is kept in-house and is sparked through insight, inspiration, cultural exchange, or personal experience.

## OUR PRODUCTS

We've been doing this since 2008, and were one of the first brand to create jewellery that was in between fashion and fine, in what has now become known as the demi-fine category.

While our main lines carry platinum, sterling silver, silver-plated and gold plated pieces – as well as semi-precious gemstones. Today, our distinct style carries through into complementary accessories.

Manufacturing with responsibly sourced metals – including recycled elements – is extremely important to us as we continue to become the most responsible version of ourselves.

# \*WHY ARE OUR WATCHES SO CHEAP?

We are the foundry of Swiss luxury watch brands.  
Due to COVID-19, the business of our factory is not  
as good as before,  
resulting in a large backlog of inventory.  
We had to sell at the lowest price to cover the loss.
