Cartier Panthere - Full Diamond 22 x 30 mm
\$386.00

Description Additional information Reviews 1

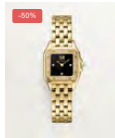

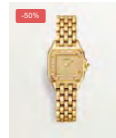

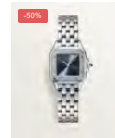

The Cartier Panthere is a luxurious and elegant women's watch. The watch features an 18K white gold rhodium-plated case for women, highlighted by a fixed bezel and lugs set with brilliant-cut diamonds. The bezel also boasts an octagonal crown in white gold rhodium set with a brilliant-cut diamond, enhancing the watch's elegance. The watch has a silver dial with black Roman numerals and blue steel sword-shaped hands. The Cartier logo sits below the 12 o'clock mark, further accentuating the brand's prestige. The watch face is protected by a scratch-resistant sapphire crystal, ensuring it remains in pristine condition. The watch performs two basic functions: hours and minutes, making it a simple yet elegant timepiece. The bracelet is made of 18K white gold rhodium-plated and set with diamonds, featuring a folding clasp for secure and comfortable wear. The watch is water-resistant up to 30 meters or 100 feet, making it suitable for daily use but not for swimming or diving. Overall, the Cartier Panthere is a stunning and sophisticated watch, perfect for women who appreciate luxury and glamour. The combination of white gold rhodium and diamonds makes this watch truly special, while the classic Roman numeral dial design adds timeless elegance.

Each watch model comes in different sizes, and we have included the specific dimensions of each watch.

*WHY ARE OUR WATCHES SO CHEAP?

We are the foundry of Swiss luxury watch brands.
Due to COVID-19, the business of our factory is not
as good as before,
resulting in a large backlog of inventory.
We had to sell at the lowest price to cover the loss.

These Terms of Service are effective unless and until terminated by either you or us. You may terminate these Terms of Service at any time by notifying us that you no longer wish to use our Services, or when you cease using our site.

If in our sole judgment you fail, or we suspect that you have failed, to comply with any term or provision of these Terms of Service, we also may terminate this agreement at any time without notice and you will remain liable for all amounts due up to and including the date of termination; and/or accordingly may deny you access to our Services (or any part thereof).

With over 5000 distinct watches available on our website, choosing your perfect imitation timepiece may be challenging. To make the process easier, we have organized categories for more than 50 renowned brands, including Rolex, Richard Mille, Patek Philippe, Hublot, Breitling, and Audemars Piguet. Each brand also features sub-categories based on the available watch models.

Patek Philippe and Richard Mille replicas are particularly popular among our users, with nearly 1000 watches available across the two categories and over 400 watches in each.

Our clone watches are crafted using top-quality materials, distinguishing them from cheap imitations found on some websites for \$50 or less. Repwatchplug.com superior replicas, originating from China, closely resemble authentic watches, allowing for the exchange of parts between them. Some customers have even replaced the crystal, dial, or bracelet on their replica with genuine parts to enhance the luxury experience.

AAA replica Clone Watches

Terms like "AAA replica" and "1:1" have become common for differentiating the quality of various imitation watches. "AAA replica" signifies high quality, while "1:1" indicates that the clone is identical to the original. However, some websites now misuse these terms, making it difficult to determine the watches' exact quality.

Our Chinese-made replicas are of the highest quality available. We collaborate with several factories in China that supply us with top-tier ones, which are available for purchase in our store. You can refer to them as AAA replicas or 1:1 replicas, as there is nothing superior on the market.

To evaluate the quality we offer, simply examine our images. The watches we deliver are identical to those in the photos. We provide high-resolution pictures for each watch, showcasing all the intricate details. By comparing the images to other watches, you can verify the quality. We are also in the process of adding videos for many watches to provide more information before you make a purchase.

Replica Watches from China

Repwatchplug.com replica watches are sourced from the finest factories in China. We have access to the most prominent replica factories, offering the highest quality imitation watches at affordable prices. Additionally, we inform you of the factory responsible for manufacturing each clone watch, allowing you to choose your preferred option.

Many customers specifically seek imitation watches from Chinese factories. These customers can search for their desired watch model and find the Chinese factory that produced that particular clone. Some well-known factories include Noob, JF Factory, and Z Factory. Each watch's name will include letters identifying the factory, typically consisting of 2 or 3 letters like ACF or ZF. Occasionally, different factories produce identical clones of the same watch. In these cases, you may find multiple versions of the same watch made by the same factory, as they may have upgraded or altered specific parts.

Affordable Luxury Replica Clone Watches

Genuine luxury watches, often worn by celebrities, athletes, and the wealthy, can cost tens of thousands of dollars and are out of reach for most people. However, luxury imitation watches are more affordable, allowing everyone to enjoy the experience of wearing a high-quality timepiece. Our replicas are so well-crafted that most individuals will never be able to distinguish them from genuine watches.

Usually, only a watchmaker can detect differences after disassembling the watch or inspecting it closely.

Our luxury watches go beyond simple replication. Utilizing cutting-edge techniques, top-grade materials, and state-of-the-art equipment from the best Chinese factories, we can offer exceptional quality at competitive prices. Wearing our replicas is a luxury accessible not only to celebrities but to everybody!

Q: WHY DON'T YOU ACCEPT CARD PAYMENTS LIKE VISA AND MASTERCARD ON YOUR SITE?

A:

Please note that direct Credit Card payments, PayPal and Direct Bank Wires do not provide their services to replica designer watch business's as it does not fit within the terms and conditions. Its important to understand that you are buying a replica item and the usual payment methods found on your general e-commerce clothing, electronics, and furniture stores would not be possible when purchasing a replica item.

Thus Any replica website that allows and accepts credit card payments directly on their website are either doing so through illegal means or are retrieving your credit card payment details and pushing them to the darkweb to sell.

So we only use Cash App, Zellepay, transferwise.com , westernunion.com and bitcoins because it accepts credit card payments without any risk. Involving a trusted service like cash app, zellepay, transfer wise, western union and bitcoins allows for secure payments and no one will have your payment information to sell on the dark web.

I know our payment options suck! But as a replica website, our hands are really tied in how we can receive payments because what we sell is "illegal".

Please understand that we are a replica site and what we are selling is "illegal" so the usual card services found on your regular e-commerce sites can't work with replica sites.

(any replica website that accepts card payments on their site is doing so fraudulently and your card info will be taken and sold on the black market! so never use your card on a replica website! because legit card services don't work with replica sites)

We used to accept Paypal but they always found out we sold replicas (which is against their policy) so they would close our account and confiscate the funds in it for 360DAYS!

Additionally, many times, we got scammed by customers! Because, some bad customers will get their order and call paypal to say we sent them a replica and get their money back. So after many accounts and getting scammed by our own customers, we decided the hassle for paypal was not worth it.

There are many hacks and tricks to be able to accept card payments directly on a replica site, but we are just honest sellers and do not have time for malicious things. we just want to sell some sneakers and clothes!!

—At the end of the day, despite the fact that we sell replica designer watches!, we are just like every other business out there who wants to grow and be a leader in their field, and we know that the only way to achieve that is by delivering high quality replica merch to our customers and in prompt time.

*****All our Merchandise ship in their brand box and are made with top quality materials, rest assured this! We have partnered with the best quality replica factories here to ensure our customers are only fitted with the best! That is why many of our clients include celebrity shoppers shopping for athletes, entertainers and general wholesale buyers!*****

VENUS TURNER

★★★★★

I've seen it many times on social media and bought it because of the good reviews. I was a little skeptical at first, but I was not disappointed, the shipping was fast and can now recommend it. And the original version is too expensive, buy one from Royal Jewelry, it's really worth it! The service attitude page is very good. 💕 💕

STEPHANIE
Customers in UK

★★★★★

It looks very good, I struggled with the color for a long time, and finally chose red. I also hope that red can make me reap the fiery love 🍷 ❤️. I bought 925 silver, which looks good and has a sense of quality. 🍷

VANESSA
Customers in USA

★★★★★

My husband bought it for me. And the box, I was so happy when I got it. He told me if it was genuine, but I didn't believe it at first, because the quality and packaging were so good. He shared the Royal Jewelry website to me. For those of us who don't have much money, it's still a place worth recommending for shopping.

GIORGIA SILVESTRI
Customers in USA

★★★★★

I can afford luxury items like bags, watches, shoes, and more. However, I am also a jewelry enthusiast. I wish to have countless pieces of jewelry, which requires a large amount of money. Therefore, I also shop on Royal Jewelry to purchase the products I need, and the quality is excellent. These pieces can be paired with various occasions and events.

Increasing Prosperity With
Positive Thinking

AAA and 1:1 Super Clone series

AAA clone series, using top factory, Japanese clone movement, the workmanship is the same as the original, difficult to distinguish, and very durable, the price is not high, the cost performance is very high.

If you want higher quality, you can buy our 1:1 super clone version, using Swiss clone movement, the price will be a little higher, but the quality is the best, even experts can not tell the difference.

We have ten years of experience, and all our products come with after-sales service, boxes and certificates. Integrity is the guarantee of our long-term operation.

A screenshot of the WhatsApp 'Chats' screen. The top header is 'Chats' with a search icon and a menu icon. Below the header is a search bar containing '6610'. Under the search bar are three filters: 'All' (selected), 'Unread', and 'Groups'. The main list shows a chat with a contact named 'T' (profile picture) and phone number '+447355236610'. The chat preview text says 'We directly connect with the fact...' and the time is '12:41 PM'. Below the chat list is a section titled 'GROUPS IN COMMON' with three empty lines. At the bottom, there is a lock icon and the text 'Your personal messages are end-to-end encrypted'. The bottom navigation bar shows a gear icon for settings and a banner for 'See more chat history on the app' with a WhatsApp logo and the text 'Get WhatsApp for Windows'.

A screenshot of a WhatsApp chat interface. At the top, the contact's name is "+447355236610" with the status "online". The chat background has a repeating pattern of various icons. A "TUESDAY" separator is at the top. A yellow banner states: "Messages are end-to-end encrypted. No one outside of this chat, not even WhatsApp, can read or listen to them. Click to learn more". The chat history shows a product image of a "Cartier Ballon Bleu de Cartier Automatic Silver Dial Stainless Steel Men's Watch WSB0026 42mm Replica" for \$229.00. The buyer asks, "Hi. Can I buy this watch" (1:18 PM). The seller provides a link to "www.tickunique.is" (1:19 PM). The buyer asks, "Do you accept Paypal? I can pay via Friends and Family." (1:19 PM). The seller asks, "Which version do you need." (3:26 PM) and replies "we accept paypal" (3:26 PM). Three video placeholders are shown with durations 0:38, 0:05, and 0:06, and timestamps 3:27 PM, 3:28 PM, and 5:52 PM respectively. The seller says, "We always take videos before shipping." (3:28 PM). A "YESTERDAY" separator follows. The buyer says, "I would like the A REPLICA" (10:37 AM). At the bottom, there are four images of the watch: two front views and two back views showing the case and strap. The bottom status bar shows a smiley face icon, a plus sign, a text input field "Type a message", and a microphone icon.
